RE: Contract Amendment for Contract #24118890

Mr. Buff:

Recently, Governor Perry issued Texas Executive Order RP-80, which directed all State Agencies to require its contractors and subcontractors to use the U.S. Department of Homeland Security's E-Verify system to validate the work authorization status of all individuals working on State Contracts. The unilateral amendment attached to this letter modifies the above referenced Contract to enact this requirement. You can access the E-Verify System at the following location:

<http://www.uscis.gov/e-verify>

If you have any questions related to the enrollment or use of the E-Verify website, please contact U.S. Citizenship and Immigration Services, which is the division of Homeland Security that maintains the E-Verify system. If you have any other questions, please contact me at (512) 438-2174.

Respectfully,

Judy Pavone

Contract #24118890

Amendment #6

This AMENDMENT (Amendment) of contract #24118890 (Agreement or Contract) is entered into by and between the **Texas Department of Family and Protective Services** (DFPS or the Department) and **ACH Child and Family Services** (Contractor).

1. Purpose

Both the Department and Contractor agree that the Governor of Texas released Executive Order RP-80 on December 3, 2014 requiring all State Contractors and Subcontractors to use the E-Verify system to validate the work authorization status of individuals who perform work for Texas Contracts. Section 8.02 of the Agreement stipulates that DFPS may unilaterally amend the Contract to incorporate new or revised federal or state laws, regulations, rules, or policies. DFPS procured this Contract under RFP #530-13-0070 for Single Source Continuum Contractor services and it has been amended 5 times previously. Both DFPS and Contractor of Texas agree that the enumerated revisions below represent necessary changes for the effective administration of the SSCC contract.

2. Effect of Amendment on Contract

2.1. Unless otherwise modified, the terms and conditions of the Contract shall remain in full force and effect.

2.2. Revision 6.1. This Amendment modifies the Contract by adding new Section 10.1.9 to of Exhibit B:

10.1.9 U.S. Department of Homeland Security's E-Verify System. Contractor certifies its use of the U.S. Department of Homeland Security's E-Verify system to determine the eligibility of all staff and subcontractors to perform work under this Contract within the United States of America. Upon request, Contractor must provide an electronic or hardcopy screenshot of the confirmation or tentative non-confirmation screen containing the E-Verify case verification number for each individual hired to perform work on the Contract. If this certification is falsely made, DFPS reserves the right to immediately terminate this Contract at no fault to the state and without prior notification. Contractor will be responsible for the costs of any re-solicitation that the DFPS must undertake to replace the terminated Contract.
